

Field Hockey Summer Program for High School/College Girls

Kantor Memorial Park (turf field)

For each session, girls will be divided up into teams, and they will scrimmage for an hour. Girls are responsible for bringing their own equipment (stick, mouthguard, shin guards, water bottle.) Each scrimmage will be professionally ref'd and coached.

\$12 per session

Each session is capped at 30 players. This is open to all HS/College girls. This program is designed to give players the opportunity to get in some conditioning before the fall Field Hockey season begins. Note: If we have a night where there is thunder/lightening, we will utilize 8/14 & 8/15 as a make-up night.

Registration for this program is online through Community Pass

<https://register.communitypass.net/longhill> and select Summer 2017).

6:30pm – 7:30pm (All Sessions)

Kantor Memorial Park Turf Field
