DISCRIPTION OF CAMPS

CHEMICAL CREATIONS - This program is a hands-on workshop where you child will conduct a variety of scientific experiments. Make and take home a wide assortment of formations like play-dough, flubber and slime. Also they will witness some fascinating science demonstrations!

CSI – CRIME SCENE INVESTIGATION - Your child will learn about forensics, searching for evidence, and gathering clues. Working in groups, they will conduct many science experiments in our crime labs to solve the mysteries at hand!

SOLAR SPACE FLEET TRANSFORMER WORKSHOP - Build and take home your own Solar Space Fleet! It can transform into seven different lunar modules including a Space Station, Robot, Rover, Vehicle, Astronaut, Shuttle and Dog. Watch as direct sunlight brings the kits to life!

ELECTRICITY, MAGNETMANIA, AND MORE – Your child will learn all about electronics, magnetism, and more in this fun and educational hands-on workshop! Take part in our Minds in Motion electronic lab and take home your very own circuit kit. Your child will also take part and witness many cool magnetic experiments!
